**THE BRITISH PSYCHOANALYTICAL SOCIETY PARTNERS WITH
ROWMAN & LITTLEFIELD TO PUBLISH THE 24-VOLUME REVISED
STANDARD EDITION OF THE COMPLETE PSYCHOLOGICAL WORKS OF
SIGMUND FREUD**

The British Psychoanalytical Society (Incorporating the Institute of Psychoanalysis) and Rowman & Littlefield, an imprint of The Rowman & Littlefield Publishing Group, Inc., of Lanham, Maryland, announced today a co-publishing agreement to release the *Revised Standard Edition of the Complete Psychological Works of Sigmund Freud* under the executive editorship of Professor Mark Solms.

Commissioned by the British Psychoanalytical Society, the new 24-volume set preserves the original *Standard Edition* English translation and notes by James Strachey, published between 1953 and 1966, while adding a new layer of retranslations with explanatory annotations under the editorial leadership of Professor Solms. The *Revised Standard Edition* also presents Freud material that has not previously been translated into English. The 24-volume set will be released in the summer of 2023.

Rosine Jozef Perelberg, President of the British Psychoanalytical Society, said, “With this publication, Freud’s complete works will again be available to a wide readership. Carefully corrected and updated with important scholarship by Professor Solms over the past 30 years, the much-awaited *Revised Standard Edition* will be an indispensable tool for psychoanalysts, psychotherapists, psychiatrists, neurologists, and philosophers, as well as those working in the humanities.”

Julie Kirsch, Vice President and Publisher for Rowman & Littlefield, said, “Sigmund Freud forever changed our understanding of human thought, behavior, and culture. We are proud to bring this important revision of the standard English translation of his psychological works to scholars across the humanities and social sciences, clinicians and practitioners in the helping professions, and the general public around the globe.”

About the British Psychoanalytical Society (Incorporating the Institute of Psychoanalysis) www.psychoanalysis.org.uk

Founded in 1913, The British Psychoanalytical Society is home to an international community of professionals dedicated to helping people enhance their lives through an intensive talking therapy, psychoanalysis. The Institute of Psychoanalysis is the outward face and training body of the British Psychoanalytical Society. As a Component Society of the International Psychoanalytical Association, the Institute of Psychoanalysis manages a rigorous training programme to qualify new psychoanalysts incorporating all traditions. The Institute engages with related disciplines and wider audiences through events and conferences and maintains an extensive archive of psychoanalytic resources.
